FULL-FLEDGED FAMINE

Gaza is starving.

UN Food Agency **halted food aid** to northern Gaza.

Israeli occupation forces fire **live ammunition** at Palestinians gathering to receive humanitarian aid & on the **aid convoys** themselves

With no food, many Palestinians are forced to eat **animal feed**, grass, & any available edible materials.

Palestinian children are dying of starvation and malnutrition, and **90% of children** under 5 are affected by one or more **infectious disease**

NOWHERE IS SAFE

Israeli occupation forces are:

Targeting Hospitals

Besieging medical centers; raiding hospitals; sniping patients and paramedics; bombing ambulances; detaining and torturing doctors; killing the injured.

Taking over Schools

Using schools as military bases, forcible detention camps, and sites of massacre.

Abducting from Shelters

Detaining forcibly displaced Palestinians from shelters, separating them from their families, and abusing them.

Committing Sexual Violence

Gathering masses of displaced Palestinians -- women, men, children, and elderly --, stripping them of their clothing, and abusing them.

All eyes on Rafah

1.4 million forcibly displaced Palestinians fled to the 64 sq km area of Rafah.

The Israeli occupation threatens an impending ground attack in addition to its airstrikes.

International Complicity

The US just issued its third veto against a ceasefire to end the genocide, and continues to fund the massacres.
